6 August 2025

Dear Partner,

Meeting or exceeding the expectations of our partners and customers and ensuring their overall satisfaction with HP is our number one priority.

Further to our communication dated 17 July 2025, as a result of an increase in costs associated with tariffs and other industry dynamics, starting **17 August 2025**, HP will increase list prices of **select Supplies products** including catalogue prices for Managed Print Services.

Please contact your distributor for information regarding specific pricing and availability. **As always, aligned to HP standard commercial practices and applicable laws, HP partners at all levels are free to independently set their own resale prices.**

Thank you for your business and ongoing trust in the HP brand. Please direct any questions via your normal HP contacts.

Sincerely,

Your HP Team, US
