Price adjustments are generally expected to range from 4% to 7%. Actual adjustments may be higher or lower based on product variations and other commercial factors.

Where can you find prices:

Updated into-stock prices and price agreements will be available on the Kimberly-Clark Professional Customer Portal to enable you to update your systems, no later than 60 days before changes become effective.

Which orders are affected:

Orders delivered by September 30, 2026 will receive current prices. All orders delivered on or after October 1, 2026 will receive the new into-stock price. As a reminder, Kimberly-Clark Professional's standard delivery lead time is 7-10 days.

To ensure adequate service levels and to avoid shortages, September orders will be limited to 1/12th of your current annual demand.
